Programme “Promotion of development of public-private partnership in Latvia” of the Norwegian Financial Mechanism priority “Regional policy and development of economic activities”

Programme period: 2008-2011, programme sub-project call from 14.08.2008 till 14.11.2008.

Programme regulation: Regulations of the Cabinet of Ministers No 364 of 26.05.2008 “Regulation of the Sub-project Open Call within the Programme “Promotion of development of public-private partnership in Latvia” of the Norwegian Financial Mechanism priority “Regional policy and development of economic activities””.

Intermediary: state agency “Investment and Development Agency of Latvia” subordinated to the Ministry of Economics.

End-recipients: ministries of the Republic of Latvia, secretariat of minister for special assignment, local or regional municipalities.

Financing available within the framework of the programme 1 940 135 euro, including the Norwegian Financial Mechanism financing (85%) and Latvian state budget financing (15%), maximum intensity of the assistance 90% of sub-project eligible expenditure.

Programme goal: promote implementation of PPP projects thus improving quality and availability of public services at national and regional level. Eligible activities of the Programme are following:

creating feasibility study for PPP project and providing training for the staff of the end-recipient and its partner(s) involved in the sub-project. Within the Programme framework of this activity the elaboration of sketch designs for a construction site will be also supported, if it is necessary for creation of feasibility study, the research related to the engineering documentation's creation and drafting of documents and permits which according to legislative acts are necessary to develop a sketch designs if the sketch designs is necessary for creation of feasibility study;

establishing procurement documents for PPP project and providing training for the staff of the end-recipient and its partner(s) involved in the sub-project.

Within the framework of the programme open call in order to apply for the co-financing available within the framework of the programme for any of programme activities in total 23 sub-projects applications were submitted amounting to 3 160 362 euro. However after evaluation of sub-project applications a decision was made to grant co-financing for implementation of 13 sub-projects. Therefore within the framework of the programme the following sub-projects were implemented:
