Scope of Spending Review 2021

Analysis of the financing policies under the supervision of line ministries

Carry out an analysis of the line ministry budgets, including the analysis of the funding of the sector policies and areas under the supervision of the line ministries and a horizontal review of the state budget programs to ensure more economical and efficient implementation of the functions financed by the state budget, reduce administrative burden and, if necessary, propose policy changes.

In accordance with Paragraphs 8.2, 8.9, 16, 18, 19, 20, 21, 22 and 32 of the Protocol Decision (No. 46 §46) of the Cabinet of Ministers sitting (August 18, 2020), ministries until June 4, 2021 have to submit relevant proposals and information to the Ministry of Finance for inclusion in the Spending review report and proposals of the Spending review results for the use in the process of drafting the medium term budget framework law and the annual State budget law.

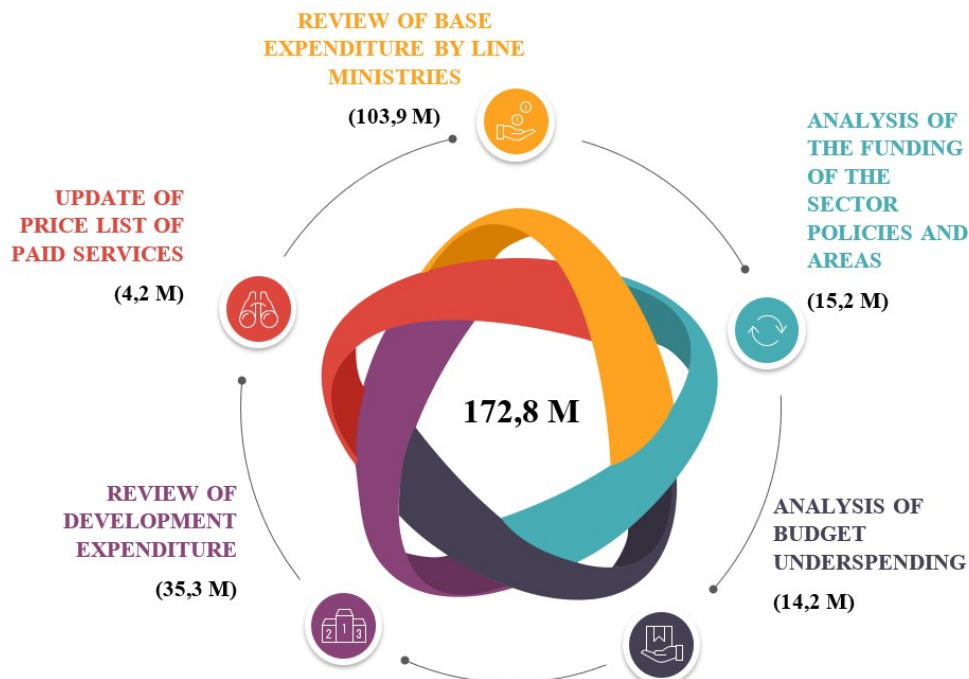

Horizontal measures for the resource allocation in favor of the current priorities

Improvement of the state budget planning and execution process management framework, including the introduction of preconditions for wider use of automated data processing systems in the budget management process (e.g. reviews, reports, information automation and exchange).

Process and system improvement
